DRUPAL CAMP SAINT LOUIS ⚜

22-23 SEPTEMBER, 2017
UNIVERSITY OF MISSOURI - ST. LOUIS

WHAT IS DRUPALCAMP?

DrupalCamp St. Louis is a fun, open, educational, community-driven conference. Everyone is welcome to attend, whether beginner or expert, developer, designer, or business person. Sessions will cover a variety of topics, and sprints and other events surrounding DrupalCamp are meant for all to attend!

DrupalCamp St. Louis 2017 is the fourth annual DrupalCamp held by the organizers behind the St. Louis Drupal Users Group, which has been meeting monthly in and around St. Louis, MO since 2007. This year's camp will be held at the University of Missouri - St. Louis campus.

WHAT'S DRUPAL?

Drupal is a content management system (CMS) and web application framework: a tool for building robust websites and web applications and managing content. Drupal now runs over 7% of sites on the web, from local community groups to international corporations, universities, newspapers and government agencies. It's an open-source, modular framework written primarily in PHP and maintained and developed by a community of over 1,000,000 users!

OUR GOALS

We have two main goals in organizing the conference.

COMMUNITY BUILDING

We would like to create a meeting point for those in the Midwest who are interested in what the local professionals can offer to Drupal, and we would like to establish an environment where it is possible and affordable to spend quality time together, share knowledge, and learn Drupal from each other.

BUSINESS OPPORTUNITY DEVELOPMENT

Another goal of DrupalCamp St. Louis is to become a place to build business relationships and foster networking between the regional Drupal resources and with those in other US markets. The area has a lot to offer in the field as there are hundreds of midsize Drupal shops and thousands of freelancers specializing in Drupal. There is need from all around the world for these people and we are confident that we can help fill those gaps. DrupalCamp St. Louis will be an environment where the supplies and the demands can meet.

CAMP SCHEDULE

Planning is currently underway for what is sure to be our best DrupalCamp St. Louis yet! DrupalCamp St. Louis attracts some of the top professionals in the field of Drupal to lead sessions. While we plan to open up calls for speakers and sessions soon, we can say that DrupalCamp will be a two day event featuring the the latest from the world of Drupal.

Our schedule for the Camp will be as follows:

FRIDAY 22 SEPTEMBER, 2017

TRAINING DAY
Structured Drupal training on a range of topics by Drupal professionals.

SATURDAY 23 SEPTEMBER, 2017

KEYNOTE & SESSIONS
High-quality keynote and sessions run by professionals in the worldwide Drupal community.

Stay tuned at 2017.drupalstl.org for more information!

* Turn left on East Drive
* Follow road next to Metrolink Lot
* Turn right at second stop sign (unmarked, first street past South Dr.)

THE UNIVERSITY OF MISSOURI - ST. LOUIS

With nearly 17,000 students, UMSL is the largest public research university in eastern Missouri. It provides excellent learning experiences and leadership opportunities to a diverse student body whose influence on the region upon graduation is immense.

UMSL is spread across 470 acres in suburban St. Louis County. It has a mix of modern and historic academic buildings as well as a variety of student residence halls, condominiums and apartments. It's the perfect setting for students to gain unique insights from outstanding faculty and work experience from internships at companies and organizations found only in this world-class metropolitan region.

WHY SPONSOR DRUPALCAMP?

DO YOU WANT TO:

- Feel good by helping spread Drupal love around?
- Get visibility in the region and beyond?
- Acquire new talent?

Then come help us make this event happen. With reasonable sponsor packages, you will get the chance to promote your brand and present your company or organization to a wide audience.

SPONSORSHIP PACKAGES

ORGANIZATIONAL SPONSORSHIP

We designed our sponsor packages to ensure maximum visibility for our supporters in a wide audience of open source professionals. Our goal with the different packages is to provide the opportunity for sponsorship to a wide variety of Drupal companies and to make it affordable for smaller, mid-sized and larger businesses as well.
